The A4 production is progressing well and shortly we will issue an interim newsletter announcing the shipments and sequence.

The stoves have been received very well and some of our distributors have sold out. We still have some quantity that we can make up and it would be advisable to register your interest with one of our distributors as we would only make what is ordered.

BIRTHDAY PARTY

It was in 1966 that Mr. Darphin founded Darstaed in Zug, Switzerland to reproduce the celebrated 40 cm passenger stock made by Märklin. These proved very popular and Mr. Darphin expanded the range considerably.

These coaches can be seen at :

<http://www.darstaed.com/Darstaed%20Image%20Gallery/Cont%20Coach%20Pictures/Gallery%20Cont%20Coaches.html>

Hence it will be our 50th birthday which calls for something very special we propose “The Night Ferry” and a set of limited edition that for the moment we have to keep under wraps.

Regarding the Night Ferry you may wish to read from our website:

Good after sales service, ample availability of spares (mostly free of coast) and listening to your input and valued opinions are greatly appreciated by our customers. In turn we thank you for the advantage to work with you so that the hobby may flourish.

Enjoy your trains,

Cheers,

Announcement

BEWARE ROGUE DEALER !

It has pleased our former stockholder and distributor Mr. Barnicoat of "A Toy Guy" to discount some of our products that until today have not been paid for, especially LMS/BR Corridor Coaches Sets A of which he still had a small stock left when his company Darstaed UK ceased operations due to insolvency. Some customers may be under the impression that the same and other products offered by our distributors will be discounted as well. We wish to assure you that this will not be the case, all our distributors are stand fast in their resolve to maintain the advised RRP as the prices offered by Mr. Barnicoat are completely unrealistic from a manufacturers point of view. Our products represent excellent value for the price offered and thus at no time will we, as the factory, endorse any discounting of our products.

As we will now celebrate our 50th birthday and the malpractice of a few former salesmen turned rogue dealers cannot undo our achievements that started twenty years ago by reviving the tinsplate O Gauge hobby in Britain. Our Darstaed adage will continue to be upheld : *"Manufacture a better product at the best price giving the greatest value for your money"*.
